

Second Annual Symposium

Cardiogenic Shock and Heart Failure

Building Shock Teams

The 2024 Agenda

Day 1: Wednesday October 2nd <i>Opening and Keynote Speakers</i>	
17:00	<i>Opening Remarks</i> Guillermo Torre Amione TecSalud
17:15	<i>Session "LV Unloading from bench to bedside"</i> Daniel Burkhoff CRF
17:30	<i>Session "Cardiogenic shock state of the art in 2024"</i> William W O'Neill Henry Ford Hospital
17:45	<i>Q&A Session</i> Guillermo Torre Amione Daniel Burkhoff William W O'Neill Maria Eugenia Díaz Alexandra Arias
19:00	<i>Welcome Dinner</i>
Día 2: Thursday October 3rd <i>Shock team-based approach</i> Moderators: Alejandro Ricalde, William O'Neill	
08:55	<i>Opening remarks</i> Vicente Jiménez Franco
09:00 - 09:10	<i>Case 1 - AMI cardiogenic shock case</i> Gian Manuel Jiménez INC Ignacio Chávez
09:10 – 09:20	<i>Case discussion</i>
09:20 – 09:30	<i>Case 2 - AHF cardiogenic shock case</i> Christian Juárez Hospital Zambrano Hellion TecSalud
09:30 – 09:40	<i>Case discussion</i>
09:40 – 09:50	<i>AMI cardiogenic shock management in the contemporary era, insights from the NCSI</i> Mir Babar Basir Henry Ford Hospital

Second Annual Symposium

Cardiogenic Shock and Heart Failure

Building Shock Teams

09:50 – 10:00	<i>HF cardiogenic shock management in the contemporary era</i> Rachna Kataria Brown Med
10:00 – 10:10	The interventional heart failure specialist: “a look into the field” Marwan F. Jumean UT Health Houston
10:10 – 10:30	<i>Panel discussion</i> Marwan F. Jumean Mir Basir Rachna Kataria José Paredes Amada Álvarez
10:30	<i>Coffee Break</i>
Day 2: Thursday October 3rd Approaches to deep hemodynamic profiles in cardiogenic shock Moderators: Alexandra Arias, Marwan Jumean	
11:00 – 11:10	Hemodynamic guidance in the assessment and management of cardiogenic Shock Guilherme Oliveira Neves University of Bío-Bío
11:10 – 11:20	<i>The role of non-invasive imaging in cardiogenic shock phenotyping</i> Eduardo Bucio INC Ingacio Chávez
11:20- 11:30	<i>Case 3 - Heart transplantation in cardiogenic shock</i> Monica Flores Hospital Zambrano Hellion TecSalud
11:30- 11:40	<i>Case discussion</i>
11:40 – 11:50	<i>Hemodynamic barriers for heart transplantation</i> Arvind Bhimaraj Houston Methodist
11:50 – 12:00	<i>Deep phenotyping in cardiogenic shock, insights from the CSWG registry for LATAM</i> Jaime Hernández Baylor Scott and White Health
12:00 – 12:30	<i>Panel discussion</i> Jaime Hernández Arvind Bhimaraj Guilherme Oliveira Neves Arturo Cadena Guillermo Quezada
12:30 – 13:30	<i>Lunch Break</i>

Day 2: Thursday October 3rd

Mechanical Cardiac Support Devices in cardiogenic shock – Learning with cases

Moderators: Rene Gomez, Roberto Lorusso

13:30 – 13:40	<i>IABP - cardiogenic shock case</i> Jorge Ortega INC Ignacio Chávez
13:40 – 13:50	<i>Case discussion</i>
13:50 – 14:00	<i>Impella - cardiogenic shock case</i> Maria Patarroyo Memorial Hermann
14:00 – 14:10	<i>Case discussion</i>
14:10 – 14:20	<i>ECMO - cardiogenic shock case</i> Leonardo Salazar Colombia
14:20 – 14:30	<i>Case discussion</i>
14:30 – 14:45	“A look into the future” - devices and trials in cardiogenic shock Roberta Chapman
14:45	<i>Panel discussion</i> Roberta Chapman Roberto Lorusso Rene Gomez Rafael Moguel Gabriela Borrayo
15:15	<i>Coffee Break</i>

Day 2: Thursday October 3rd

Hands on Training

15:30 – 16:15	<i>Multidisciplinary Workshop: Cardiac Physiology and Cardiac Mechanical Support in Cardiogenic Shock</i> Mark L. Dickstein Columbia University
16:15 – 17:00	<i>Impella CP Workshop: a case-based learning</i> Mir Babar Basir Henry Ford Hospital

Day 2: Thursday October 3rd

Final sessions and Closing Remarks

16:45 – 16:55	<i>Session Tecsalud Journey in Cardiogenic Shock</i> Vicente Jiménez TecSalud
------------------	--

Second Annual Symposium

Cardiogenic Shock and Heart Failure

Building Shock Teams

17:25 – 18:00	<i>Breakout Session: National Registry of Cardiogenic Shock in Mexico</i> Vicente Jiménez Carlos Jerjes-Sánchez Erasmus de la Peña Almaguer Manuel Odín de los Ríos José Luis Leiva Pons
18:00	<i>Closing Remarks</i> Guillermo Torre Amione TecSalud
